WHAT ARE DESIGN PATTERNS?

cegedim

What is Singelton Design pattern?

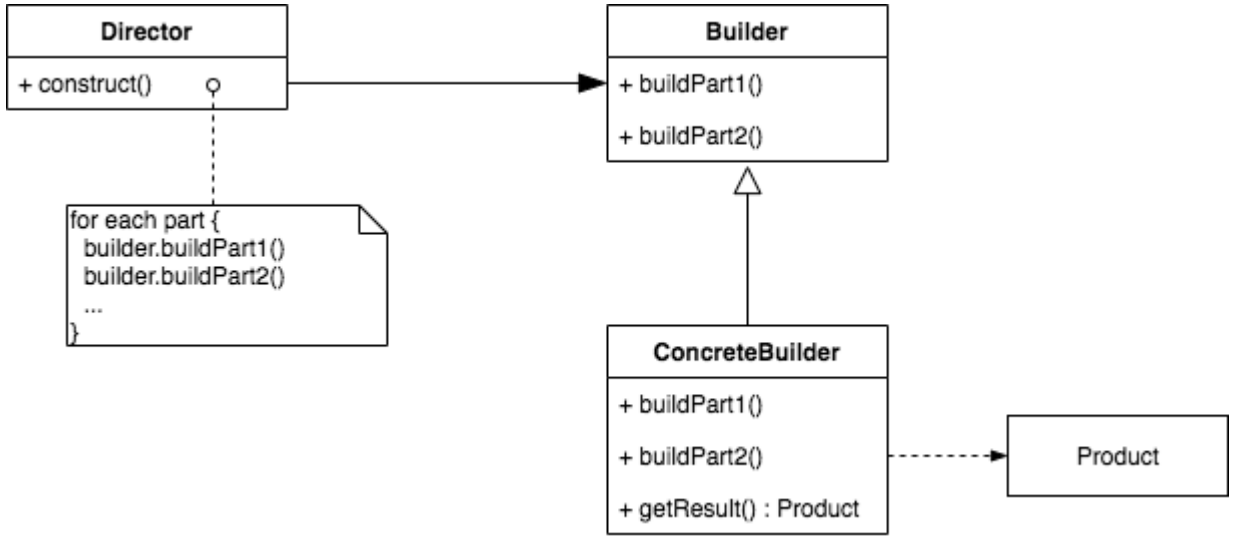
```
public final class ClassSingleton {
        private static ClassSingleton INSTANCE;

        private ClassSingleton() { }

        public synchronized static ClassSingleton getInstance() {
                if(INSTANCE == null) {
                        INSTANCE = new ClassSingleton();
                }
                return INSTANCE;
        // Getters and setters
}
```

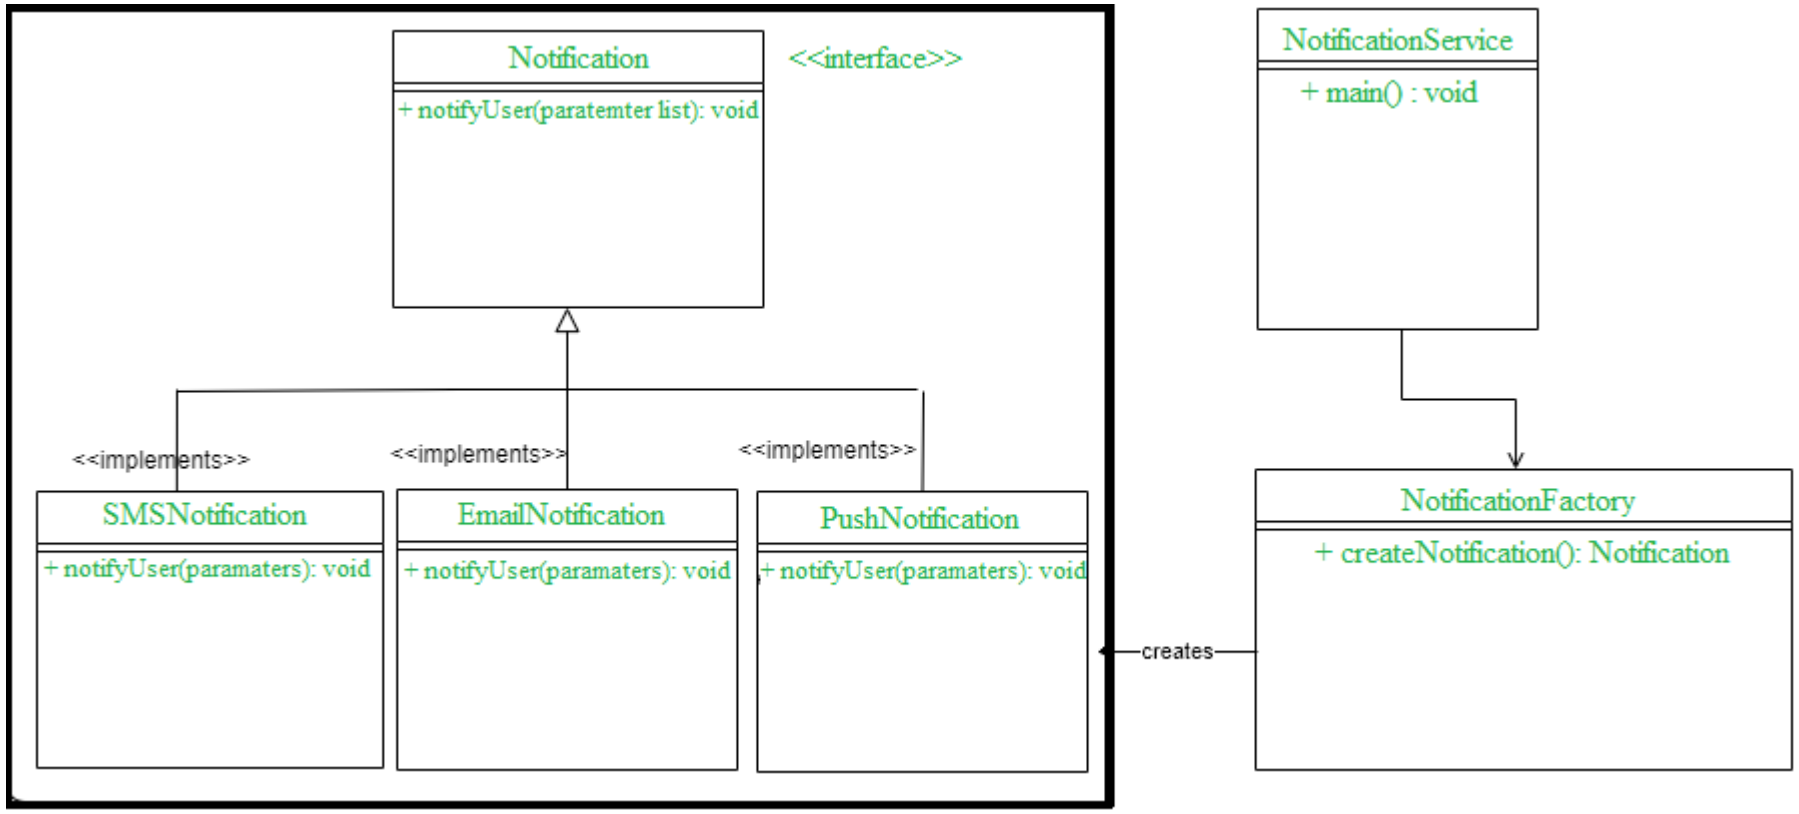
cegedim

What is Builder Design pattern?

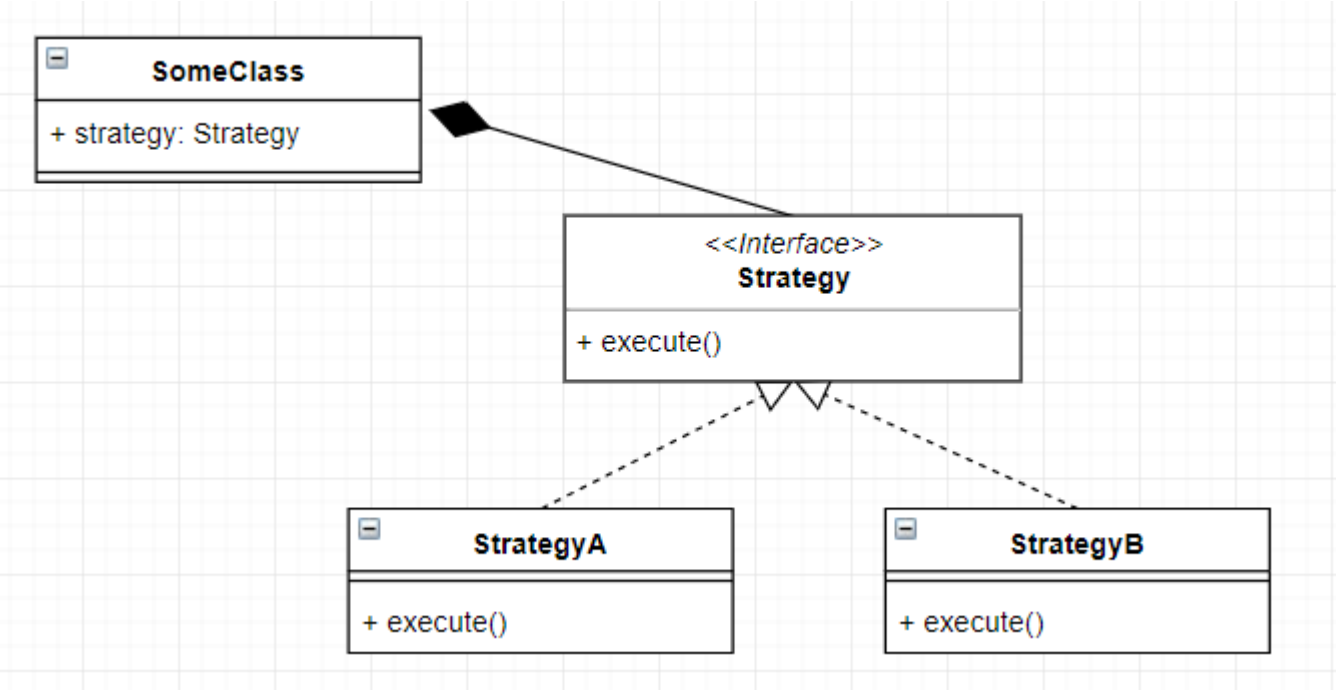


cegedim

What is Factory Design pattern?

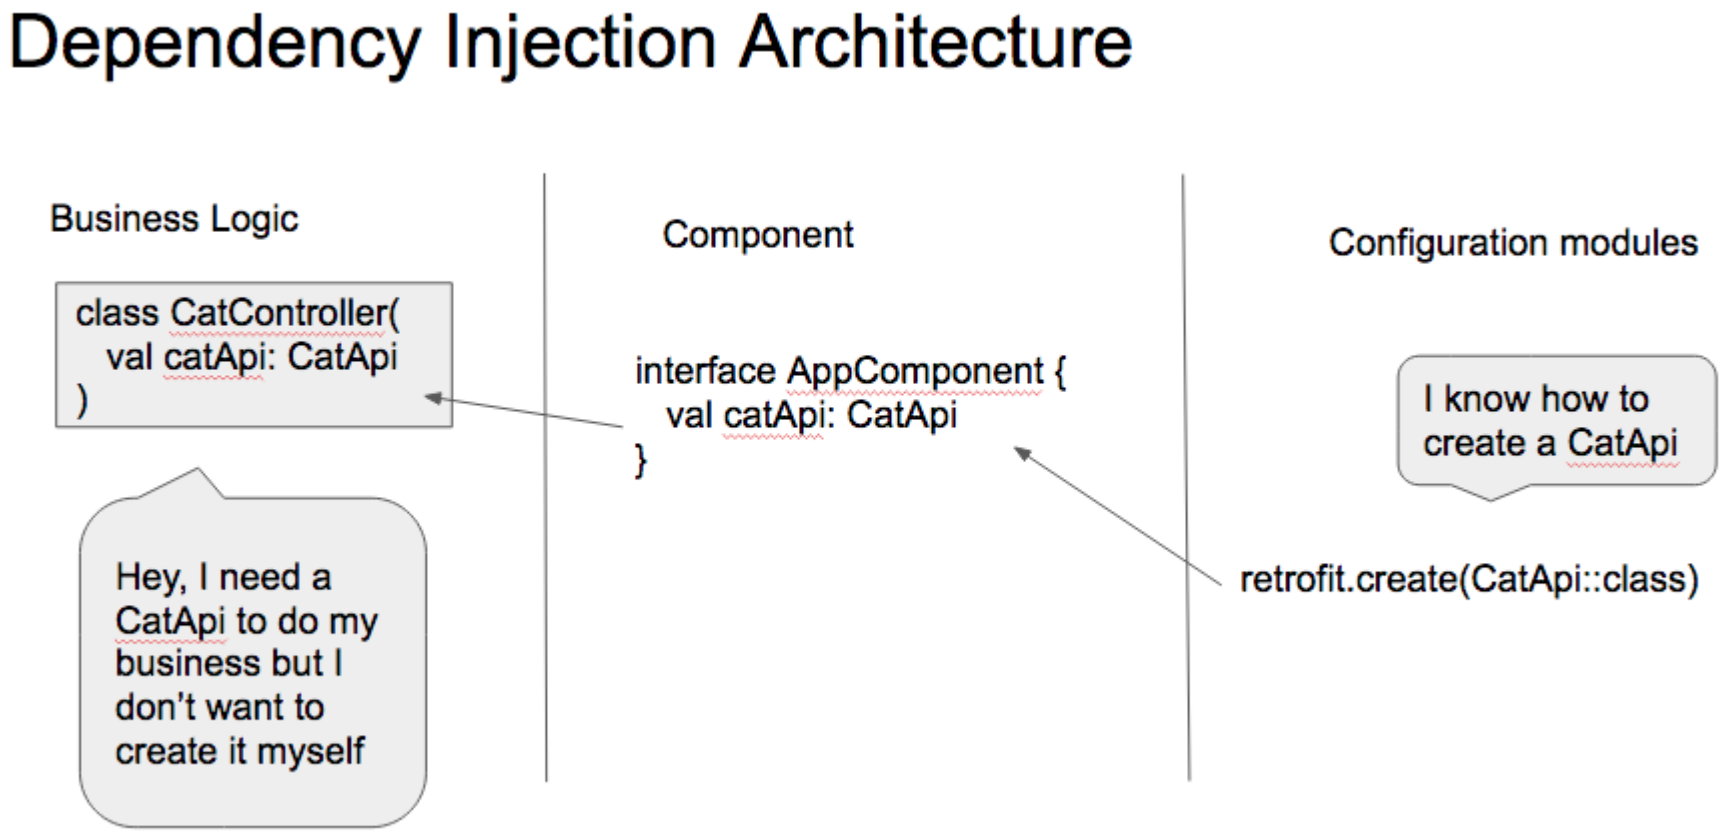


What is Strategy Design pattern?



cegedim

What is Dependency injection?



cegedim
